

PAPWORTH SURGERY

Patient Participation Group

What to do in the event of a heart attack

The Patients' Link, have organised two evening training sessions. They will be held in the Surgery Waiting Room, are free of charge and will last approximately two hours.

November 1st, 6.00pm & November 6th, 7.30pm

They will cover

- recognising a possible heart attack
- assessing an unconscious casualty
- CPR
- the use of an automated external defibrillator

Patients interested in attending should sign up at Reception stating your 1st choice session. Each session is designed for 12/15 attendees. In the event of being oversubscribed we would hope to be able to offer further dates.
